

## Vehicle Bag

Your vehicle bag keeps supplies you might need during an emergency that occurs while you are on the road. Imagine being caught in a snowstorm, a major pileup on a highway, or a long line of slowly-moving evacuation traffic. Update supplies according to the season. Always keep your tank at least half full (or your electric car battery at least half charged).

### Year 'round:

- Food
- Water
- Phone chargers
- Flashlight
- Emergency radio and batteries
- First aid kit
- Jumper cables
- Seatbelt cutter/window breaker tool
- Foldable, reflective warning triangle
- Small, foldable shovel

### In winter, add the following:

- Tire chains
- Snow and ice scraper
- Emergency blankets
- Hat and gloves
- Cat litter, sand, or carpet remnants (for tire traction)
- Bike safety flag (that you can zip tie to your roof rack or antenna in a snow storm to help people find you)
- Zip ties
