

## City of Bainbridge Island Emergency Management Volunteer Program

### Overview:

The City of Bainbridge Island ("City") recognizes the important contributions community volunteers make in the aftermath of a disaster. The City's Emergency Management (EM) Program offers a number of volunteer positions for residents who are interested in becoming part of the City's disaster response plan.

This form is the first step in the City's EM volunteer review and assessment process. All potential volunteers will complete a background investigation, be screened, and be matched to positions according to their skills and abilities in order to best serve and protect residents and current volunteers. The City reserves the right to deny volunteer service. The data furnished on this form is provided on a voluntary basis and will be used to contact, interview, and place volunteers.

### Notices:

Personal Injury and Reporting: Volunteers are not considered to be City employees. Injury compensation is provided through the Washington State Department of Labor & Industries. All volunteers are required to submit a Volunteer Timesheet for this purpose. Timesheets must be submitted to the Emergency Management Coordinator on a quarterly basis.

Volunteer Limitations: Volunteers must stay within the attached Scope of Work. Activities performed outside or in excess of the volunteer's Scope of Work will be considered unauthorized and may lead to termination.

Provision of Personal Protective Equipment (PPE): The City will provide PPE as required for the Scope of Work and identified by the Washington Industrial Safety and Health Act. All volunteers requiring PPE will be provided adequate training in its proper care and use. Volunteers are responsible for supplying basic PPE per City of Bainbridge Island Volunteer/Emergency Worker Code of Conduct.

Training: All training received by volunteers will be documented, signed by the volunteer, and provided to the City's Human Resources Department.

Use of Personal Vehicles/Mileage Reimbursement: The City will reimburse for mileage for volunteers who routinely drive a personal vehicle as part of their volunteer duties, not to include mileage from the home of residence to City Hall or other meeting locations. A valid driver's license issued within the United States and personal automobile insurance are required for expenses to be reimbursed. This policy also includes fuel reimbursement for marine vessels, provided that a Captain's license, if applicable, and the insurance provisions above are met. Reimbursement is based on the IRS Mileage Rate at the time of travel. Volunteers must submit a completed City Travel Reimbursement form to be reimbursed. Emergency Management Volunteers are not authorized to drive City vehicles.

Termination: The City and/or the volunteer may terminate this service at any time without cause. The termination will be effective immediately upon the provision of written notice.
